Re: Policy and Rules Concerning the Interstate Interexchange
Marketplace; Implementation of Section 254(g) of the Communications
Act of 1934, as Amended: CC Docket No. 96-61

Dear Ms. Dortch:

On behalf of CenturyLink, Inc., attached is the 2013 certification of compliance with the Federal Communications Commission's geographic rate averaging and rate integration requirements pursuant to 47 C.F.R. § 64.1900. The certification covers the combined operations of all CenturyLink, Inc. subsidiaries, including Qwest Communications International Inc. (and its subsidiaries), which became a wholly owned subsidiary of CenturyLink, Inc. on April 1, 2011.

If you have any questions, please contact me.

Sincerely,

John E. Benedict

Rate Integration

2013 Annual Review

CenturyLink long distance companies provide long distance services to its retail customers in a ubiquitous manner. All CenturyLink companies which provide interstate interexchange services comply with the FCC's Rate Integration and Rate Averaging rules with the following exceptions:

Exception No. 1

- ❖ CenturyLink's terminating access services are priced based on the identity of the terminating LATA and bands within those LATA based on cost, and are in compliance with the rate integration and rate averaging rules.

Exception No. 2

- ❖ CenturyLink private line and advanced communications services are provided under contract and include the cost of Local Access Facilities which provide the physical connection between the customer's service address and CenturyLink's domestic network.

Exception No. 3

- ❖ CenturyLink long distance services in New Mexico are not identical to other states due to conditions placed on it by the New Mexico Public Regulation Commission; the New Mexico PRC does not permit promotions on long distance that are provided in conjunction with CenturyLink local services.

Exception No. 4

- ❖ CenturyLink has identified situations where some customers have different rates, or, the service is not ubiquitously offered across the Company's footprint. CenturyLink will be making the necessary programming changes after appropriate customer notifications have been completed. These interstate services include toll free for small business, and the application of the National Access Fee for business customers.

**CERTIFICATION OF COMPLIANCE WITH SECTION 64.1801 OF THE RULES OF THE
FEDERAL COMMUNICATIONS COMMISSION – RATE INTEGRATION AND
GEOGRAPHIC RATE AVERAGING RULES**

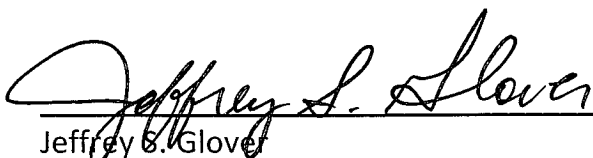

I, Jeffrey S. Glover, declare as follows:

I am the Vice President, Regulatory Operations, CenturyTel Service Group, LLC, a subsidiary of CenturyLink Inc., acting on behalf of CenturyTel Service Group, LLC, CenturyLink Operating Companies, CenturyTel Long Distance, LLC d/b/a CenturyLink Long Distance, Embarq Communications, Inc. d/b/a CenturyLink Communications, Embarq Communications of Virginia, Inc. , Qwest Communications Company, LLC d/b/a CenturyLink QCC, Qwest Corporation d/b/a CenturyLink QC, Qwest LD Corp. d/b/a CenturyLink LD, and El Paso County Telephone Company d/b/a CenturyLink EPT. I am authorized to execute this certification on behalf of all of these entities.

These Companies provide interstate interexchange telecommunications services that are subject to 47 U.S.C 254(g) and Section 64.1801 of the rules of the Federal Communications Commission. Following its acquisition of the Qwest companies in 2011, CenturyLink continues the ongoing process of integrating operations and policies, where appropriate, including within and among long distance affiliates.

I am familiar with the rules and regulations of the Federal Communications Commission concerning rate integration and rate averaging and with the interexchange telecommunications services of these companies.

Pursuant to Section 64.1900 of the Commission's rules, I hereby declare under penalty of perjury that, to the best of my knowledge, information, and belief, and apart from any immaterial issues previously disclosed or arising from ongoing merger-related adjustments and corrections, CenturyLink's interstate offerings subject to the certification requirements of Section 64.1900 do not violate the rate integration of rate averaging provisions of the Telecommunications Act of 1996, or the Commission's implementing rules.

A handwritten signature in black ink, reading "Jeffrey S. Glover", is written over a horizontal line.

Jeffrey S. Glover

Vice President, Regulatory Operations
CenturyTel Service Group, LLC

Dated: April 30, 2013
